Transportation

Landgoed de Biestheuvel is situated in a beautiful green rural area. This had a lot of advantages, but public transport is unfortunately not one of them. Do you travel by public transport, or does not everyone own private transportation? No worries, with our American School bus we would be happy to pick you up and drive you back to a specified location. This could be, for example, your company, or a central location near a public transport hub. This is not only good for the environment by carpooling, but also a very fun way to start your day! We would be more than happy to advise you on all the possibilities.

** If you would like to travel to downtown Eindhoven, we can drop you off at 1 km from the city centre. Unfortunately, due to environmental regulations, we are not allowed anymore to travel to the centre of Eindhoven.*

Vegetarians or dietary preferences

Ofcourse we can take this into account. We would like to know this prior to your gathering.
